On the website, I renamed Hawaii AA page to Local AA.

I am slowly getting Website Committee Meeting together and have a potential Alternate Webmaster that I need to connect with.

For our first task, I will have committee discuss the assembly and committee meetings archives on website, how to best list all records in the same format, and seek help in making updates and uploading content from missing years and events.

I would also like to review the Website Committee Appendix D in the Structures & Guidelines as well as the Website Content Policy posted on website which seem to be inconsistent with how we use the website and the S&G Appendix D.
