

Aloha Peeps,

District 4 is doing well so far. We had our district meeting this last Thursday on the zoom. It will be our last online as we voted to start meeting in person again for which I am really pleased. We have appx 6 active GSRs and a couple that are not.

We are looking to still fill our alt DCM position but we have had our secretary position filled and have a treasurer that is hanging in there and doing a fantastic job. I have a lead on an alt so I got my fingers crossed.

I am really siked about Praasa. I leave on Thursday morning and arrive around 3 pm. I have plans to find some Mexican food before registration then I will be attending the early bird meeting and finding all my DCM's . Friday is all workshops from 1pm on. I plan on attending the DCM round tables and I will probably loiter around at the chair round table for 1 session. I also plan to go to the young peoples workshop at lateoclock .

Looking forward to helping to inform our Delegate this time around. We stand ready to do whatever is asked of us to get that done.

I haven't found much time to get to any meetings this last month what with my PT and work but PT is over and I'm walking 99% now so after prassa I plan to hit the streets.

Aloha,

Eric
